

VILLAGE OF FOX POINT

MILWAUKEE COUNTY

WISCONSIN

VILLAGE HALL

7200 N. SANTA MONICA BLVD.

FOX POINT WI 53217-3505

414-351-8900

FAX 414-351-8909

To: The Honorable Members of the Fox Point Village Board

From: Scott A. Botcher, Village Manager

Date: April 27, 2018

Re: **Administrative Report for the Week Ending April 27, 2018**

ADMINISTRATION

1. Information regarding current construction projects can be found on the Village's website under Popular Links. The Village will keep this page as updated as possible.
2. The Village is looking for local artists in the neighborhood that are willing to temporarily display their artwork in the Village Boardroom. If you are a local artist, or know one, please contact Assistant Village Manager, Michael Pedersen, at Village Hall.
3. The Clerk-Treasurer attended the Wisconsin Treasurers Conference.
4. MCEC (Milwaukee County Election Commission) meeting was attended by staff.
5. The Manager and Police Chief met with the Sheriff's Department and State Patrol about citizen concerns re: scrap trucks on Port Washington Road.
6. Staff attended Arbor Day celebration on Friday.

DEPARTMENT OF PUBLIC WORKS

1. DPW welcomed in its newest employee – Allison Schwab. Allison is the part time administrative assistant and will be working Monday through Friday. If you see Allison, please take a moment to welcome her to the Village.
2. Today is Arbor Day and will be celebrated with the planting of a tree at Stormonth.
3. Work has begun on the pool to prep it for opening.
4. Trees have been delivered for planting that will start in the next week or two. Stump grinding has been going on this week.
5. Water utility and DPW staff have been working with Greenfire related to the Dunwood development (tie-ins to the sanitary and water mains). Work at Dunwood will continue into the middle of next week. Staff also responded to resident complaints regarding the work.
6. The sanitary sewer rehab preconstruction meeting was held today. Work will start late June and continue for about 6 to 8 weeks.
7. A lot of yard waste has appeared after the late season snow events. There is also a lot of cleanup of material along the Beach as driftwood washed up during the same events.

POLICE DEPARTMENT

1. On April 21, 2018 at 4:57 PM an officer conducted a traffic stop in the 7600 block of North Port Washington road for a registration violation. While speaking with the driver the officer determined that their license was revoked. The officer also noticed a strong odor of marijuana emitting from the vehicle. The driver was subsequently arrested for operating with a revoked license and possession of marijuana. The driver was issued a citation for Municipal Court in the license violation will be referred to the District Attorney.
2. On April 25, 2018 at 3:45 AM an officer on patrol conducted a field interview with a subject who flagged them down in front of North Shore. The subject indicated they were stranded, lost and looking for directions. During the interview, the officer was advised by the dispatcher that the subject had an outstanding arrest warrant from Menomonee Falls police. The subject was arrested on the warrant and turned over to Menomonee Falls when they were unable to satisfy the warrant requirements.
3. On April 26, 2018 at 6:10 PM an officer was dispatched to the 6600 block of North Santa Monica Boulevard for a report of suspicious activity. The officer was advised that a subject had been walking back and forth over the bridge and then disappeared underneath. The officer investigated under the bridge and located a subject sitting on the embankment smoking what the officer believed to be marijuana. The officers' investigation and interview revealed the subject was in possession of marijuana and they were subsequently arrested. The subject will appear in Municipal Court for the drug violation.
4. On April 26, 2018 Chief Freedy attended a presentation from FBI director Christopher Wray at the Milwaukee field office. The presentation was attended by Chiefs and Sheriffs from southeastern Wisconsin.
5. On April 21, 2018 7:54 PM officers responded to a report of retail theft at the Audubon court shopping center. The officers met with the business owner and were advised that a subject removed property from the store without permission. Due to the geographic location of the business and the nature of the crime the matter was turned over to Bayside police for further investigation.
6. On April 20, 2018 officers met with a resident in the lobby of the police station who was reporting a fraudulent use of their credit card. The resident reported their credit card was used to make an online purchase and have merchandise shipped. Officers assisted the resident and the account was closed without the merchandise being delivered.

NORTH SHORE HEALTH DEPARTMENT**Did you know?**

The World Health Organization (WHO) has proclaimed April 24-30, 2018 World Immunization Week. This week is dedicated to promoting the use of vaccines to protect people of all ages against disease. Immunization saves millions of lives and is widely recognized as one of the world's most successful and cost-effective health interventions. Immunizations have positively impacted the lives of infants, children and adults.

Why should you vaccinate?

Immunizations can save your child’s life. Because of advances in medical science, your child can be protected against more diseases than ever before. Some diseases that once injured or killed thousands of children, have been eliminated completely and others are close to extinction.

Vaccination is very safe and effective. Vaccines are only given after a long and careful review by scientists, doctors, and healthcare professionals. The disease-prevention benefits of getting vaccines are much greater than the possible side effects for almost all children.

Immunization protects others you care about. People in the U.S. still get vaccine-preventable diseases. In fact, we have seen resurgences of measles and whooping cough (pertussis) over the past few years. It is important that you and your children who are able to get vaccinated are fully immunized. Immunizing individual children also helps to protect the health of our community, especially those people who cannot be immunized (children who are too young to be vaccinated, or those who can’t receive certain vaccines for medical reasons), and the small proportion of people who don’t respond to a particular vaccine.

Immunizations can save your family time and money. A child with a vaccine-preventable disease can be denied attendance at schools or child care facilities. Some vaccine-preventable diseases can result in prolonged disabilities and can take a financial toll because of lost time at work and medical bills.

Immunization protects those around you as well as future generations. Vaccines have reduced and, in some cases, eliminated many diseases that killed or severely disabled people just a few generations ago.

The North Shore Health Department prevents vaccine preventable diseases through our Immunization Program. Immunizations are provided to uninsured, underinsured and in some limited cases for some vaccines, private payers. Additionally, the health department provides education and outreach to residents, healthcare providers, school nurses, media, and others on the epidemiology of vaccine-preventable diseases and current vaccine recommendations.

The North Shore Health Department is pleased to release the 2017-2021 Community Health Assessment (CHA). CHAs are a step in the community health improvement process, where health needs and issues are identified through systematic, comprehensive data collection and analysis. Next steps include determining health priorities in partnership with the community, and then developing policies and programs to address the identified needs. View the North Shore CHA at: www.nshealthdept.org/CHA

Upcoming Immunization Clinics (appointment required) - Please call the North Shore Health Department for an appointment at 414-371-2980.

Thursday, May 10th -3-4:30 p.m., Shorewood

Tuesday, May 15th -7:30-9:00 a.m., Shorewood

Upcoming Adult Health Clinics (appointment required) – Blood analysis for cholesterol, glucose and triglycerides, blood pressure, weight check and a nurse consultation. Please call the North Shore Health Department for an appointment at 414-371-2980.

Upcoming Blood Pressure Screening (walk-ins welcome – no appointment necessary)

Wednesday, May 2nd – 12:15 – 1:00 p.m., Lois & Tom Dolan Community Center, Brown Deer

Tuesday, May 8th -1:30-2:30 p.m., WFB Sr. Center (5205 Lydell Avenue)

For the most up-to-date information on upcoming clinics and screenings, visit the Clinics page of our website at: <http://www.nshealthdept.org/Clinics>
