To: The Honorable Members of the Fox Point Village Board

From: Scott A. Botcher, Village Manager

Date: September 21, 2018

Re: **Administrative Report for the Week Ending September 21, 2018**

ADMINISTRATION

1. Municipal Treasurers Association of Wisconsin 2018 Fall Conference was attended by Village staff.
2. Absentee ballots were sent out for those application currently on file for the November 6, 2018 Fall General Election by Staff on Tuesday and Friday.
3. Type B and Type C Notices for the November 6, 2018 Fall General Election were posted by staff, as required.
4. Staff met with citizen about live streaming options.
5. Staff met with Census Bureau to discuss 2020 Census preparations.
6. Staff completed insurance renewal applications for 2019.
7. Staff received proposals from multiple vendors regarding the RFQ for Architectural and Engineering Services for the Village of Fox Point Family Aquatic Center Project. Pool Advisory Committee is set to meet next week to review proposals.

DEPARTMENT OF PUBLIC WORKS

1. Work continues on Club Circle, Lilac, and Poplar. Manholes will be paved on Club and Lilac on Saturday.
2. Work is to be wrapped up on the east bridge on Goodrich with minor punch list items remaining. The west bridge will start its work in about a month. Paving of Goodrich and Grey Log where construction occurred will take place in a few weeks.
3. Specifications are being developed for this falls tree removals two separate contracts will be used one for Indian Creek was and one for the other public trees.
4. Crack filling of streets in the Village was completed this week.
5. Staff worked on 2019 budget related items.
6. Staff met with the consultant related to a number of different projects including lateral replacement, future Calumet and Barnett projects, and storm water work.

POLICE DEPARTMENT

1. Officers responded to a report of an identity theft on September 13, 2018 at the police station. The resident advised the officer that an unknown person attempted to have money transferred from their account to another account without permission. The resident was notified by the bank and no loss occurred; however the personal identifying

information was used in violation of state statute. The officers' investigation revealed that the offenders account was located in California.

2. Officers conducted a traffic stop which resulted in an arrest after observing a registration violation in the 7400 block of North Port Washington Road. The driver in the traffic stop was wanted by the Milwaukee County Sheriff's Department for an outstanding warrant. The driver was released after the booking process and satisfying the warrant requirements.
3. Officers responded to a report of a theft on September 16, 2018 in the 6800 block of North Yates Road. The resident reported that an unknown person entered an unlocked car and took property without permission.
4. Officers responded to a report of a stolen car on September 16, 2018 in the 300 block of East Daphne Road. Officers met with the resident who advised that the car was unlocked and taken during the overnight hours. The officers' investigation remains open.

*** Residents continue to be the victim of opportunistic criminals by leaving items of value in unlocked cars. Residents should consider starting the 9pm routine: ***

- *Remove valuables from car*
 - *Lock car doors*
 - *Close and lock garage doors*
 - *Close and lock doors to the home*
 - *Turn on outside lights*
5. Officers responded to a report of a person in possession of multiple credit cards with various names on September 17, 2018 at the Riverpoint Village Shopping Center. Officers stopped the subject in the parking lot and subsequently arrested the person for possession of cocaine, possession of a firearm by a felon, and an outstanding arrest warrant. The subject was transported to the criminal justice facility and the case will be referred to the district attorney for review. The case remains under investigation for the credit card possession.
 6. Officers responded for a report of disorderly conduct on September 18, 2018 which occurred in the 500 block of East Spooner Road. Officers met with parties involved in a verbal dispute which escalated to a physical altercation and damage to property. Officers interviewed all parties involved and no person was willing to file a complaint.

NORTH SHORE HEALTH DEPARTMENT

Did you know?

Last week, the City of Milwaukee had its first case of human West Nile Virus (WNV) in 2018. WNV is most commonly transmitted to humans by mosquitoes. Mosquitoes become infected when they feed on infected birds. Infected mosquitoes can then spread the virus to

humans and other animals. Fortunately, most people infected with WNV will have no symptoms. About 1 in 5 people who are infected will develop a fever with other symptoms, while less than 1% of infected people develop a serious, sometimes fatal, neurologic illness. Symptoms of severe illness include high fever, headache, neck stiffness, stupor, disorientation, coma, tremors, convulsions, muscle weakness, vision loss, numbness and paralysis. While serious illness can occur in people of any age, those over 60 years of age are at the greatest risk for severe disease. People with certain medical conditions, such as cancer, diabetes, hypertension, kidney disease, and people who have received organ transplants, are also at greater risk for serious illness.

Though this information was shared earlier this year, the health department wants to remind residents to follow these tips to help prevent mosquito bites:

- Limit time spent outside at dawn and dusk, when mosquitoes are most active.
- Apply insect repellent to clothing as well as exposed skin since mosquitoes may bite through clothing.
- Make sure window and door screens are in good repair to prevent mosquito entry.
- Properly dispose of items that hold water, such as tin cans, plastic containers, ceramic pots, or discarded tires.
- Clean roof gutters and downspouts for proper drainage.
- Turn over wheelbarrows, wading pools, boats, and canoes when not in use.
- Change the water in birdbaths and pet dishes at least every three days.
- Clean and chlorinate swimming pools, outdoor saunas, and hot tubs; drain water from pool covers.
- Trim tall grass, weeds, and vines since mosquitoes use these areas to rest during hot daylight hours.
- Landscape to prevent water from pooling in low-lying areas.

For more information on preventing mosquito bites visit:

<https://www.cdc.gov/zika/prevention/prevent-mosquito-bites.html>

What is the health department working on?

Public Health Manager, Lori Ahrenhoerster, shares her story with After Breast Cancer Diagnosis (ABCD) on surviving breast cancer and mentoring others going through the same journey. Read about Lori's journey and how she used her story to help others at:

<https://www.abcdbreastcancersupport.org/2018/lori-ahrenhoerster-blogging-and-biking-through-the-cancer-rollercoaster/>. ABCD is national organization located in Glendale and the health department recently connected with them to discuss ideas on partnership.
