

FOX POINT WEEKLY UPDATE (7/22/19 to 7/26/19)

Calumet Road Project Updates:

- On July 22nd – On Monday, the contractor, Wood Sewer & Excavating, repaired a damaged sanitary sewer lateral near Lake Drive and Calumet Road
- On July 23rd – Wood completed a water main tie in on the west side of Santa Monica Boulevard
- On July 24th – Wood Sewer continued tying in water mains at Santa Monica Boulevard and replaced a leaking existing water main valve
- On July 25th – Wood attempted to pressure test a new water main segment and continued on storm sewer from Fairchild
- On July 26th– Wood continued storm sewer and cleaned the job site

A Look Forward: Week of July 29th

- Next week, Wood will continue storm sewer from near Bell Road and will hopefully install up to near Crossway Road
- Wood will take a safe sample for bacteriological testing for the last segment of water main. The main will be pressure tested as well.
- They will also install a water service to the synagogue after passing tests
